Chuckie Angelo Baltazar

Lallayug, Tuao, Cagayan\pineraca@gmail.com\09488087698

PROFILE

I am a computer engineering student who is curious, self-disciplined, and motivated, with a natural interest in how technology advances and is developed. I'm expanding my knowledge by researching and investigating embedded systems. This approach encourages me to grow and makes me more aggressive in developing solutions to problems.

EDUCATION

2015 – 2021
Itawes National Highschool
Science, Technology, Engineering, and Mathematics strand

2021 – Present
Cagayan State University – Carig Campus
Bachelor of Science in Computer Engineering

SKILLS

Arduino Based Microcontroller Programming

Computer Literate (MS Word, Excel, PowerPoint)

Circuit Design

Basic knowledge in Frontend Web Development (HTML, CSS)

PROJECTS

2023
Workload Management System
Software Development Project

2023-2024
Smart Curtain
Microprocessor Project

2023
Project SAFE
Embedded I Project
